

## NOTICE OF TREATMENT

CAD Pest Control Services

775-853-1672 or email [cadpest@gmail.com](mailto:cadpest@gmail.com)

### COCKROACH TREATMENT:

We need access to:

your kitchen

bathroom areas –medicine cabinet & cabinets –remove all items!

Drawers-everything must be emptied & cleaned

Kitchen & Bathroom Cabinets-EVERYTHING MUST BE CLEANED OUT (TOP & BOTTOM) We will be treating inside & behind cabinets.

behind refrigerator

behind stove areas in your kitchen.

Water Heater closet

All baseboards. Please pull as much furniture away from the walls as possible.

Please remove all items from your cabinets (top & bottom). Remove items from countertops

Remove all items on top of the refrigerator

Remove all items from ontop of stove.

Clean up all clutter.

Please clean and clear your counter tops.

Please cover all food. There can be **NO OPEN CONTAINERS OF FOOD.**

**WE ASK THAT YOU LEAVE AS THE TREATMENT IS BEING DONE. After the treatment is complete, we ask that you stay out for at least 1 hour** until the pesticide is dry. Please keep all pets and children away from the treated areas until the liquid pesticide is dry.

The cleaner you can keep your living area, the more effective the treatment will be. Please clean all food, crumbs, etc. as quickly as possible. This will help eliminate any food sources for the cockroaches. A cockroach can live off the grease of your fingerprint for 1 month, so please keep everything as clean as possible.

We require a second treatment 14 days after the initial treatment. If there are any eggs left over, they will hatch, and we need to kill the next generation. Depending on the severity of your infestation, additional treatments may be needed.

**\*\*IF CHECKLIST IS NOT COMPLETE, YOUR TREATMENT WILL NEED TO BE RESCHEDULED AND A SERVICE CHARGE WILL CHARGED TO YOU.**

If you have any questions about scheduling or access, please contact your manager.

DATE OF TREATMENT SCHEDULED:\_\_\_\_\_.
